CalRamic ceramic high voltage capacitors, QPL and application specific chip and disc products. Hi-Rel US based manufacturer

Ducommun Technologies RF Microwave coaxial Switches, Millimeter Wave components, subsystems & test products

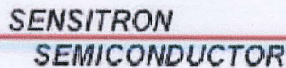

Q-Tech hybrid crystal oscillators for high-rel military, aerospace and space applications. TCXO and MCXO precision products.

MWT Microwave GasFet/ Gan based products. Amplifiers and MMICs. Military, Space and telecom.

Reactel Filter products, RF and Microwave, LC Cavity, and hi-power filters from 0.10 to 50 Ghz

Sensitron Solid State Power Control, Motor Control, Power Conversion and Diode Components. Mil, Space and Medical.

SV Microwave Rf and Microwave connectors, Blindmates, Cable Assemblies, Mil and Space.

VMI High Voltage diode components and systems, Power supplies to 100 KV.

VPT DCDC Power Converters. Military and Space Grade Hi-rel hybrid or SMT
